We'll be promoting prevention in summer community events across Chicago, culminating in an evening celebration at Theater on the Lake on **Friday, October 28, 2022.**

Child Well-Being Affects All of Us

Healthy children become healthy adults. And healthy adults contribute to more productive and prosperous work places and communities.

PCA America has constructed the core pillars needed to prevent child abuse. And we know our approach works. Our core program, Healthy Families America, has been proven to reduce child and domestic violence and to improve the health of children and mothers; and to improve families' economic outcomes.
